

Spanish Explorers of La Florida

This trunk engages students in the study of Europeans who explored and claimed La Florida for Spain, to the founding of St. Augustine. Students will learn about navigating the ocean seas to the Spanish arrival through lessons and hands-on activities.

The Seminoles & the Miccosukees

This traveling trunk is a great way for students to learn about the Seminole and Miccosukee tribes of Florida through the items they have created.

The Historical Society of Palm Beach County's Traveling Educational Trunk Program offers an exciting series of free educational resources for the classroom. Trunks are based on a specific theme and include information and activities to help students better understand the history of both Palm Beach County and Florida. Instructional material for the teacher is provided with each trunk designed for fourth grade but can be adapted for other grade levels. Trunks are available for teachers to use for a three-week loan period.

The Holocaust

This trunk includes teacher guide with lesson plans, books a class room set of Jacob's Rescue, photographs, posters, DVDs, a teacher guide on teaching the Holocaust for educators to use with other lessons, and other items.

Ancient People of South Florida

This traveling trunk offers an exciting educational unit about south Florida's early inhabitants, the Calusa, Tequesta, Jeaga, and Belle Glade Culture. Students will explore how these early people lived prior to and just after the arrival of Europeans in Florida.

Florida in the Civil War

The Civil War trunk provides your classroom with lessons and activities focused around the battles fought in Florida and the difficulties of life on the home front caused by the war that turned bother against brother.

The Pioneer Era

The Pioneer Trunk offers an exciting educational unit about Palm Beach County's pioneer history (1860-1893). Students will explore how the settlers lived in the late 19th century in a sub-tropical area that is now Palm Beach County.

Growing Things: Agriculture in Palm Beach County brings to life the science and development of one of the most foundational parts of our county's history: agricultural. Use this trunk to teach the agricultural heritage of Palm Beach County and even how to create your own classroom or school garden.

Growing Things
